

Build It Together.

DESIGN & PHASES

Multi-year effort to design an inclusive playground based on student & community input and collaboration.

PHASE 1A: Create loose parts & fort play space (nearing completion)

PHASE 1B & 1C: Enhance boulder area with accessible swinging & install spinning structures (Spring 2024)

PHASE 2: UA Schools investment of post-and-platform play structure, a wheelchair accessible spinner, monkey bars, poured-in-place surfacing, new athletic field & Castle decommission (Summer 2024)

PHASE 3: \$350,000 community fundraiser for additional play structures & grounds update

OUR STORY

After 34 years of devoted love and use Wickliffe's Castle Playground in Upper Arlington has reached the end of its useful and safe lifespan and cannot be repaired in a way that would extend its life significantly. We are on a mission to build a playground.

OUR VISION

Our vision is to create an iconic, world-class, inclusive playground rooted in elements of nature-based play, STEM & environmental learning for use by Wickliffe students, staff, families, the larger Upper Arlington community and visitors from near & far.

WE NEED YOUR HELP!

ACCOMPLISHMENTS

MONETARY DONATIONS FOR:

- Earthscape Structures
 - Log Tangle: \$127,948
 - Wobble Boards (2): \$13,200
 - Triple Hammock: \$17,652
